PLEXY

Divider panels in transparent plexiglass for desks and counters, available with support bases or in the Plexy Extra version, with adjustable clamps.

The PLEXY model with support bases is available with two different clearances of 3 cm or 8 cm, for the passage of documents and small objects.

PLEXY EXTRA is the new model with adjustable clamps for table fastening, available with an opening in two sizes, suitable for table tops with thickness of 15-20 mm or 25-30 mm. Available with a clearance of 3 cm, for the passage of documents and small objects.

All Plexy models are entirely made in cast plexiglass, laser cut with shiny edge and rounded corners, a material featuring superior durability and capable of maintaining its transparency longer when compared to the more common extruded plexiglass.

Materials and finishing: divider panel in transparent cast plexiglass, thickness 4 mm; support bases in transparent cast plexiglass, thickness 8 mm for greater stability

Recycling: 100 %

Maintenance: use a soft cloth and sanitizing products with an alcohol content of not more than 65%, or water and neutral soap. Do not use chemical products or abrasives.

PLEXY

2617. Panel: 150 x h 60 cm

2615. Panel: 120 x h 60 cm

2610. Panel: 100 x h 60 cm

2611. Panel: 75 x h 60 cm

2613. Panel: 60 x h 60 cm

- support bases depth: 20 cm
- clearance between support surface and panel: 3 cm or 8 cm

PLEXY EXTRA

2667. Panel: 150 x h 60 cm

2665. Panel: 120 x h 60 cm

2660. Panel: 100 x h 60 cm

2661. Panel: 75 x h 60 cm
